

Your sprayer specialist

Territory Manager

- Consultative sales support
- Technical advice and backup
- Perth or WA wheat belt based

HARDI Australia is a progressive company seeking a Territory Manager to join its young and innovative sales & service team. The successful applicant will be required to provide sales and technical support to our customers through a well established dealer network.

The role requires an excellent rapport with HARDI dealers, providing consultative sales support and advice on the best solution to meet our customer's needs.

You will be expected to provide a high level of technical advice and backup to improve our customer's experience with their HARDI products.

Applicants are required to have:

- Good communication & presentation skills
- Hands-on service & technical experience with agricultural machinery
- Motivation to achieve budget and expand our market share
- Good computer skills
- HC class truck licence an advantage

An attractive remuneration package will be offered together with a fully maintained vehicle - to the successful applicant.

Applications in writing to pjv@hardi-aus.com by 12th March. For further information call 0417 181 725
